

Blessing of the Animals

Creator God, you created animals for us to love and care for. Thank you for the joy they bring into our lives, and for the companionship they provide. Keep all of pets safe and protected from harm. Give them nourishment and strength to continue to live well in this world and in our homes. Through our attachment with them, give us a glimpse of the bond you have with each of us. Bless the animals in our care as they eat and sleep, move and lay, play and interact with us. Let us rejoice in you through them.

Amen.
